*The Junior League of Rochester Diaper Bank distributes diapers to individual social/case workers and to nonprofit/health/church organizations serving populations in need. Diapers and diapering supplies may be used for a specific program at the organization or offered to families on an as-needed basis along with items like food or clothing. New partner organizations are reviewed on a regular basis after submission of an application. Partners complete a monthly diaper request form and pick up diapers on a designated day each month.*

*If your family is in need of diapers, The Junior League of Rochester Diaper Bank can help you find a partner organization that may be able to help. If you are already working with a social or case worker, they may contact the Diaper Bank to receive diapers on your behalf.*
